Profile

Enthusiastic and detail-oriented Front-End Developer with 1+ years of experience creating responsive and visually appealing web interfaces. Proficient in HTML, CSS, Sass, Bootstrap, Tailwind CSS, jQuery, React.js, and JavaScript, with expertise in building user-friendly, cross-browser-compatible applications. Skilled in API integration, performance optimization, and modern development workflows using NPM, Vite, and Webpack. Experienced with Git and GitHub for version control and collaboration. Dedicated to writing clean, maintainable code and delivering seamless user experiences through efficient and scalable front-end solutions.

Professional Experience

Junior Frontend Developer   2024/07 – Present
Prabha's VCare hair and skin clinic private limited ⬀   Chennai, India

- Developed 20+ treatment landing pages for Vcare, enhancing user engagement and providing detailed information on clinical treatments.
- Developed a responsive website to showcase the clinic's products and treatments using HTML, CSS, Bootstrap, JavaScript , Jquery and React.js.
- Leading another major project that collects input from customers through interactive forms, recommends doctor-verified products, and integrates an e-commerce system for seamless product purchases.

Frontend Developer Intern   2023/12 – 2024/01
Hattusa Technologies ⬀   Puducherry, India
